

**CHILD HEALTH AND DISABILITY PREVENTION (CHDP) PROGRAM  
ELIGIBILITY DETERMINATION TABLE**

EFFECTIVE APRIL 1, 2007

Providers are required to ensure that the parent/guardian understands the questions on the CHDP Eligibility Information Form (DHS 4073) that relate to eligibility for a CHDP-reimbursed health assessment. Services provided to persons enrolled in a prepaid health plan where preventive health services are a covered benefit **MUST NOT BE BILLED TO CHDP**.

**Note:** Most infants under 13 months of age are eligible for full scope Medi-Cal benefits. If the family is enrolling the infant into temporary Medi-Cal using the CHDP Gateway, please ensure the family completes the "For Patients Under One Year of Age" section of the DHS 4073 if the mother had Medi-Cal coverage at the time of delivery. Completing this section may automatically link the infant to the mother's case and establish Medi-Cal eligibility without the family having to complete the joint Medi-Cal/Healthy Families Application. If the mother did not have Medi-Cal at the time of delivery, the family should contact the local Department of Social Services to apply for Medi-Cal.

**Eligibility Criteria:**

1. Full Scope Medi-Cal

Medi-Cal recipients younger than 21 years of age are eligible to receive CHDP health assessments if they are eligible for full-scope Medi-Cal during the month in which services are rendered.

2. No Full-Scope Medi-Cal

Children or youth younger than 19 years of age whose family income is at or below 200 percent of the Federal Poverty Level and who have no health insurance coverage for well-child care are eligible to receive no-cost CHDP health assessments. CHDP services also may be rendered to Medi-Cal recipients younger than 19 years of age who have no coverage through Medi-Cal for CHDP health assessments on the date of service. This includes those who have Limited Scope Medi-Cal or a Share of Cost that has not been met for the month of service.
